

To the FCC,

Monopolization of the media is unpatriotic.

This is one of the most un-American and unpatriotic acts that is quietly being passed. Several of my friends have courageously given up their safety and comfort, and some have lost their lives in Iraq and Afghanistan to promote democracy and the American way, which means leaving hope for the little person to someday make a better life for themselves. Monopolization squashes a free press, one of the factors that makes America great, and allows for Sovietization of the news. Only a hypocritical, fiscally and morally irresponsible organization would dare allow for media monopolization.
